2021 CMC³ Foundation Mathematics Scholarship: Nomination Packet

The CMC³ Foundation awards scholarships to qualified and deserving California Community College students who demonstrate promise and interest in the area of Mathematics and Mathematics Education.

To be eligible for nomination for a CMC ³ Foundation Mathematics Scholarship, the student must meet the following criteria at the time the CMC ³ Foundation Mathematics Scholarship application is submitted.
☐ The student must have successfully completed a minimum of 30 college semester units (or 45 quarter units), including at least 8 semester units (or 12 quarter units) at a CMC³ region college.
☐ The student must currently be enrolled in a minimum of 6 semester units (or 9 quarter units) at a CMC³ region college.
☐ The student must either be enrolled in or have completed a course at the level of Calculus 2 or higher.
To be considered for a CMC ³ Foundation Mathematics Scholarship, an eligible student must be nominated by a mathematics faculty member at a college in the CMC ³ region who is a current member of CMC ³ at the time the application is submitted. A faculty nominator may nominate only one eligible student each year. The faculty nominator must email a complete scholarship nomination packet as a single PDF file to the CMC ³ Foundation President, Katia Fuchs, at the email address <u>foundation-president@cmc3.org</u> by Friday April 9, 2021. <u>Submissions received after this date will not be considered.</u>
\square the Faculty Nomination portion completely filled out by the faculty nominator,
☐ the nominated student's responses to the information requested in the Student Responses portion, and
$\ \square$ a copy of the nominated student's college transcripts.

ell the scholarship selection committee your reasons for nominating this student. Provide etails that demonstrate why this student is deserving of a CMC ³ Foundation Mathematics cholarship.	

2021 CMC³ Foundation Mathematics Scholarship: Student Responses

The members of the CMC³ Foundation Board will determine which of the eligible nominated students receive a scholarship as well as the monetary amount of the scholarship based upon the recommendations of the Mathematics Scholarship Selection Committee. Their decision will be based on the nominated student's responses to the following requests for information, the nominated student's college coursework and GPA documented in the student's college transcripts, and the nominating faculty's recommendation.

1.	Tell the scholarship selection committee about your educational and career goals.

2.	Tell the scholarship selection committee about your leadership and service experience.
3.	Tell the scholarship selection committee about your involvement with mathematics outside
3.	Tell the scholarship selection committee about your involvement with mathematics outside the classroom.
